RISDA Santuni Rakyat Tenggara, 100 Pelajar Terima Manfaat Pendidikan

RISDA Santuni Rakyat Tenggara, 100 Pelajar Terima Manfaat Pendidikan

TENGGARA, 22 Sept – Usaha membantu rakyat khususnya masyarakat luar bandar terus diberi perhatian menerusi pelaksanaan tanggungjawab sosial korporat (CSR) Pihak Berkuasa Kemajuan Pekebun Kecil Perusahaan Getah (RISDA) di Parlimen Tenggara.

Pengerusi RISDA yang juga Ahli Parlimen Tenggara, Manndzri Nasib berkata, inisiatif berkenaan memberi tumpuan kepada keperluan rakyat dalam bidang pendidikan serta keagamaan dan kemasyarakatan.
Menurut beliau, dalam bidang pendidikan, RISDA menaja 100 pelajar calon Sijil Pelajaran Malaysia (SPM) 2026 daripada tujuh sekolah menengah di Parlimen Tenggara menerusi Program Tuisyen Pintar.

Program berkenaan memberi peluang kepada pelajar kurang berkemampuan mengikuti tuisyen secara percuma bagi mata pelajaran Bahasa Melayu, Bahasa Inggeris, Sejarah dan Matematik sebagai persediaan menghadapi SPM.

"Tanggungjawab sosial korporat (CSR) kepada masyarakat luar bandar diharapkan sentiasa memberi manfaat kepada kesejahteraan dan kebaikan kita. Terima kasih RISDA, sudi bersama kami di Parlimen Tenggara. Alhamdulillah," katanya.

NEGRI SEMBILAN CRISIS

ZAHID WANTS DISPUTE RESOLVED AMICABLY

BN chairman also said neither he nor Ismail had been instructed to meet Tuanku Muhriz

THE Negri Sembilan crisis showed no immediate sign of abating, with Barisan Nasional chairman Datuk Seri Dr Ahmad Zahid Hamidi calling for the dispute to be resolved amicably while stressing the need to respect the state's institutions and constitutional framework.

Zahid said neither he nor Menteri Besar Datuk Ismail Lasim had been instructed to meet Yang di-Pertuan Besar Tuanku Muhriz Tuanku Munawir on Monday, adding that they only learnt of the reported meeting through media reports.

"No. The Negri Sembilan Menteri Besar and I were never ordered to meet.

"We only knew about it through the media," he said after officiating at the University Research and Innovation Investment Summit 2026 here.

Also present were Higher Education Minister Datuk Seri Dr Zambry Abdul Kadir and Finance Minister II Datuk Seri Amir Hamzah Azizan.

His remarks came a day after Prime Minister Datuk Seri Anwar Ibrahim met Tuanku Muhriz at Istana Negri Sembilan in Changkat Persekutuan here, with the meeting lasting almost an hour.

The meeting took place as the dispute between the state administration and the royal institution continued to unfold, following the revocation of the appointments of all 10 state executive councillors by Tuanku Muhriz on Sunday.

Asked about the crisis, Zahid said the matter should be resolved peacefully, adding that the state's institutions and constitutional framework must be respected.

"The state's problems should be resolved amicably in Negri Sembilan.

"In my view, matters involving the interpretation of the law and powers are not merely about legal interpretation, but the institution and the existing establishment in Negri Sembilan must also be respected," he said.

Zahid: Drive local research toward global success

KUALA LUMPUR: Universities, the government, and the private sector must work more closely to turn homegrown research and technologies into global success stories, says Datuk Seri Dr Ahmad Zahid Hamidi.

The Deputy Prime Minister said while Malaysia has built a strong base in global supply chains in key sectors such as semiconductors, many locally developed technologies faced challenges in securing industry partners or capital between research validation and commercialisation.

"The problem is not always the quality of the research. More often, it is the lack of the right partner, capital or pathway to scale.

"This is where government, universities, industry and investors must work more closely together," he said when officiating the University Research and Innovation Investment Summit 2026 (Uriis 2026) at the World Trade Centre Kuala Lumpur here on yesterday.

Ahmad Zahid, who is also the Rural and Regional Development Minister, said Malaysia needed to move from a heavy reliance on public grants towards a broader capital ecosystem involving private investors and industry partners to scale promising ideas into marketable products.

He also called for research to focus more on national challenges such as food security, healthcare, energy and productivity.

Rural communities, including those in his Bagan Datuk constituency, could serve as testing grounds for innovations in areas such as digital healthcare, renewable energy and smart logistics, he said.

Citing the Global Innovation Index 2025, Ahmad Zahid said Malaysia ranked 34th among 139 economies but continued to perform better in innovation inputs than in translating research into economic outputs.

Malaysia, he added, must also move beyond developing talent towards building homegrown technology enterprises, aligning with national targets to attract RM500bil in investments and nurture 60,000 highly skilled local engineers by 2030.

"We should not only be proud when something is 'Made in Malaysia'. We should aim to see more technologies invented in Malaysia, and increasingly, more intellectual property and enterprises owned by Malaysians," he said.

Ahmad Zahid urged the Higher Education Ministry, other ministries, universities, industry partners and investors to follow through on technologies emerging from Uriis 2026, describing the national ambition towards 2030 as "Create, Commercialise, Own".

Uriis 2026 serves as a platform connecting university research capabilities with industry needs, investment and the market to accelerate commercialisation.

The summit brings together researchers, universities, start-ups, industry players, government agencies and investors in an ecosystem that enables potential technology, expertise and solutions to be evaluated and matched with actual needs of the industry.

FARAH EZREEN berjaya melanjutkan pelajaran ke Universiti Leicester selepas tamat pengajian sebagai pelajar TVETMara.

Graduan TVETMara ke Universiti Leicester

PETALING JAYA – Graduan TVETMara Ledang mencipta pencapaian membanggakan apabila berjaya melanjutkan pengajian ke peringkat *Master of Engineering, Biomedical Engineering* di University of Leicester, United Kingdom.

TVETMara pada satu hantaran berkata, pelajar berkenaan, Farah Ezreen Anuar yang merupakan graduan Diploma Kejuruteraan Elektronik Bioperubatan (Makmal) itu turut terpilih sebagai salah seorang daripada hanya 30 calon pelajar yang menerima pengecualian penuh yuran pengajian daripada universiti tersebut.

"Farah Ezreen telah selamat tiba di United Kingdom dan selesai mendaftar pengajian di University of Leicester.

"Pencapaian itu pastinya menjadi satu kebanggaan buat beliau, ahli keluarga dan seluruh warga TVETMara Ledang," katanya.

Katanya, pencapaian itu juga membuktikan bahawa graduan TVETMara mampu melangkah jauh dan bersaing di pentas antarabangsa.

MARA Excellent Ventures, CXS Analytics meterai kerjasama

KUALA LUMPUR - MARA Excellent Ventures Sdn Bhd (MEX) bekerjasama dengan CXS Analytics Sdn Bhd (CXS) bagi memperluas penerapan kecerdasan buatan (AI), analitik data dan penyelesaian pembangunan modal insan.

Kerjasama itu dimeterai menerusi usaha sama menggabungkan kekuatan rangkaian dan keupayaan pelaksanaan anak syarikat MARA Corporation Sdn Bhd tersebut dengan kepakaran teknologi, analitik dan AI dimiliki CXS.

Perkembangan tersebut sekali gus membuka ruang kepada pembangunan penyelesaian yang boleh memberi nilai tambah kepada ekosistem MARA, di samping diperluaskan kepada sektor awam, korporat dan organisasi lain.

Antara potensi yang boleh diteroka termasuk penggunaan AI dan analitik bagi pembangunan bakat dan kompetensi, pemadanan latihan dengan keperluan sebenar tenaga kerja, peningkatan produktiviti organisasi serta penyediaan kecerdasan bagi menyokong keputusan pengurusan lebih pantas dan berasaskan data.

Ketua Pegawai Operasi MEX, Said Harull Nizam berkata, kerjasama itu selari dengan usaha MEX untuk memperkukuh keupayaan syarikat dalam menyediakan penyelesaian yang relevan dengan perubahan teknologi dan keperluan organisasi masa kini.

"Kerjasama ini bukan sekadar membuka peluang perniagaan baharu kepada MEX, malah memberi ruang kepada kami meneroka bagaimana AI dan analitik boleh dimanfaatkan untuk menyokong pembangunan modal insan, meningkatkan keupayaan organisasi serta memberi nilai tambah kepada ekosistem MARA," katanya dalam kenyataan.

Sementara itu, Pengarah Eksekutif CXS, Johnathan JS berkata, kerjasama dengan MEX menyediakan platform strategik untuk membawa teknologi dan kepakaran CXS ke skala yang lebih besar.

"AI seharusnya bukan sekadar teknologi tetapi menjadi alat untuk membantu organisasi memahami bakat, mengenal pasti jurang kompetensi dan membuat keputusan yang lebih tepat," katanya.

印尼接受大马协助灭火

上周六，副首相拿督斯里阿末扎希博士在访问雅加达期间指出，印尼已接受大马协助扑灭森林火灾的建议，而有关火灾已导致烟霾持续数周。

他说，我国也同意采取长期计划以预防在苏门答腊及印尼其他几个地区森林火灾引发的烟霾。

亚瑟古律说，针对炎热天气和烟霾的协调工作始于6月15日，当时他主持了烟霾与干燥天气主要委员会会议。

“该会议是主要的协调平台，旨在确保国家做好准备，以应对炎热干燥天气、露天焚烧风险以及可能影响公众健康、民生福祉和国民经济的潜在烟霾污染。

“我还率领大马代表团参加了近期在印尼巴厘岛举行的第27届跨境烟霾污染技术工作组及次区域部长级指导委员会（MSC）会议。”

他指出，会议的一个关键成果是成员国达成共识，将进一步加强针对火灾和跨境烟霾的预防、监测、应急准备及应对措施。

“会上，大马概述了实施标准作业程序，特别是人工造雨行动的方案，该方案可能涉及印尼领空；印尼方面已表示愿意就此事与相关机构进行协调。

“两国还同意探讨双边合作机会并签署了解备忘录，特别是在环境和气候变化领域。”

他透露，继烟霾事件发生后，天然资源及环境永续部于8月21日向东盟秘书长致函，就跨境污染问题进行沟通。

“信函敦促东盟成员国加倍努力并强化应急准备措施，以预防可能导致跨境烟霾污染的火灾。

“东盟秘书处已确认收到该信函，并将其分发给了东盟成员国。”
